

# INDEX.

- Abasia following poisoning with carbonic oxide,** 531.
- Abdominal diseases, plea for prompt interference in,** 701.
- Abdominal palpation, technique of,** 168.
- Abdominal section, one thousand consecutive cases of,** 140; complications following, 420; 425.
- Abortion, with placenta previa,** 376.
- Abortionists, criminal, punished,** 585.
- Abcess, of both testicles from urethral and prostatic obstruction, 115; of vertebrae,** 633.
- Acacia, mistura,** 346.
- Acetized cotton,** 266.
- Acetonuria, relation of diabetic coma to,** 114.
- Acid, lactic, in tubercular diarrhoea,** 139.
- Acids, effects of, on stomach,** 143.
- Acne, treatment without arsenic, sulphur ointments, or lotions,** 573.
- Acting Assistant Surgeons U. S. Army, Association of,** 95.
- Actinomyces, three remarkable cases of,** 368; 688.
- Adenitis, chronic cervical, surgical treatment of,** 253.
- Adler, Lewis H. Jr.—Amputations at the Hospital of the University of Pennsylvania from Sept. 30, 1874, to Dec. 31, 1888, 570; stricture of the rectum probably from specific vaginitis,** 757.
- Agnew, Professor, farewell of,** 467.
- Albuminuria and yellow fever,** 347.
- Albuminuria of pregnancy and puerperal eclampsia,** 206.
- Alcoholism, chronic, 457; pathology of chronic,** 548.
- Alexander's operation, Prof. Polk on,** 201.
- Allopathy,** 346.
- Alopecia areata,** 466.
- Amber beds, new, near Dantzic,** 378.
- "American College of Health and Vitapathic Institute,"** 159.
- American Medical Association,** 287.
- American Physiological Association,** 348.
- Ammonium chloride in fumes for inhalation,** 557.
- Amputation, simultaneous of both arms; recovery,** 605.
- Amputations of thigh and leg, 135, 232; at the University Hospital during fourteen years,** 570.
- Anemia, bichloride of mercury in,** 754.
- Anæsthesia, formula for producing local,** 95.
- Anæsthetic, bromide of ethyl as an,** 670.
- Anæsthetics,** 289.
- Anatomical tubercle,** 95.
- Anders, J. M.—Ventilation of cities,** 731.
- Anemone pulsatilla in gonorrhoeal orchitis,** 285.
- Aneurism and epilepsy,** 667.
- Aneurisms of aorta, treatment,** 689.
- Angina pectoris, cocaine in,** 379.
- Anthrax in swine,** 24.
- Antifebrin, case of poisoning with,** 725.
- Antipyretics, action of,** 576.
- Antipyrin, idiosyncrasy as to, 94; poisoning with, 126; mode of action of in typhoid fever, 138; in labor-pains, 153; in obstetric practice, 220; for renal calculus, 518; phenacetin and,** 615.
- Antisepsis and the country physician,** 136.
- Antiseptics in normal labor,** 734.
- Antrum of Highmore, diseases of,** 615.
- Army Medical Board,** 441.
- Arrow poisoning, Mr. Stanley on,** 744.
- Arsenic poisoning, singular results of,** 204.
- Arsenical poisoning, chronic, from wall-paper,** 367.
- Arthralgia, hysterical traumatic,** 137.
- Arthrectomy of the knee-joint as a substitute for excision,** 510.
- Arthritis, chronic rheumatic, 337; commencing,** 574.
- Aseptic surgery,** 261.
- Ashhurst, John Jr.—Arthrectomy of the knee-joint as a substitute for excision,** 510.
- Assault, is communication of infection an,** 30.
- Asthma, caused by a foreign body, 162; euphorbia pilulifera in, 319; unusual cause of,** 370.
- Athletic sports and gymnastics at the University of Pennsylvania,** 379.
- Athletic sports and scholarship,** 223.
- Atropine for prevention of shock, 557; in opium poisoning,** 740.
- Australia, letter from,** 176.
- Baldness, treatment of,** 218.
- Baldy, J. M.—Complications following abdominal section, 420; plea for prompt interference in abdominal diseases,** 701.
- Ballou, W. R.—Replacement of button of bone after trephining,** 198.
- Barr, G. W.—Antisepsis and the country practitioner,** 136.
- Barton, J. M.—Digital dilatation of the pylorus,** 443.
- Bace-ball, fatal injury from,** 755.
- Bascham's mixture, formula of,** 346.
- Batley's operation,** 657.
- Baum, Charles.—A case of meningocoele,** 265, 346.
- Beall, E. J.—Fibro-cystic tumor of the uterus; unusual treatment; cure,** 1.
- Bedford Springs as a health resort,** 199.

- Belladonna in whooping-cough, 753.  
 Benjamin, D.—Hysterectomy for large fibromyoma, 681.  
 Berlin, letters from, 81, 203, 659, 686, 764.  
 Bill, a large, 754.  
 Biniodide of mercury, its antiseptic use, 267.  
 Bishop, Mr., 699.  
 Blamuth, characteristic reaction of, 251.  
 Bisulphide of carbon poisoning, 354.  
 Bladder, photography of the male, 55; pin in, 137; stone in, 432; absorbent power, 654; reconstruction of a, 658.  
 Bleorrhoea in women, 399.  
 Bone, artificial stimulation of growth of, 406.  
 Boro-glyceride, formula, 556.  
 Bouehard, Prof.—Practical value of the knowledge of pathogeny, 617.  
 Bougies, nasal, 146.  
 Brain, lacerated wound of, 23; tumor of and accidental injury, 206; softening of from thrombosis, 499; cortical motor region, Horsely on injuries of, 686; tumor of, 761.  
 Brazil, yellow fever in, 667.  
 Bright's disease, 308.  
 British and American Continental Medical Society, 215.  
 Bromide of ethyl as an anæsthetic, 670.  
 Bromide of sodium for quinine idiosyncrasy, 614.  
 Bromine (see Deodorant, new).  
 Broncho-pneumonia, 273.  
 Bruen, Edward T.—Nervous dyspepsia, 413.  
 Bryonia alba in hemorrhage, 526.  
 Buboes, treatment of, 587.  
 Bucklin, C. A.—Obstruction of the nasal passages, 589.  
 Burlington, Vermont, chair of surgery at, 586.  
 Burn Brae vindicated, 55.  
 Burns, salol in, 527; extensive, pathological anatomy, 715.  
 Burr, William H.—Influence of stomach digestion in the production of heart failure, 384.  
 Butter, analysis of, 613.  
 Cæcum, extirpation, 631.  
 Cæsarean section, 612.  
 Cæsarean section for carcinoma of the cervix uteri, 381.  
 Caffeine, citrate of, poisoning with, 348.  
 Calculus, in British Islands, 210; renal, antipyrin in, 618.  
 Camphoric acid in catarrhs of mucous membranes, 285.  
 Cancer, of larynx, frequency of, 116; of womb, in a girl eight years old, 145; of breast, cocaine in, 260; and syphilis, combination of, 253; good caustic for, 274; of breast, removal, 574; causes of relapse in, 687; prevention of relapse, 687.  
 Carbonic oxide, abasia following poisoning with, 531.  
 Carcinoma, 336; Esamarch on, 686; inoculation of, 686.  
 Cardiac injuries, fatality, 729.  
 Cardiac rhythm, significance, 743.  
 Cards, doctors', good form in, 151.  
 Caries, spinal, treatment, 453.  
 Carlebad water, influence of, on the secretion of uric acid, 713.  
 Carmine, Nikiforow's, 253.  
 Carrell, J. B.—Jaborandi, 42; retained placenta, 197.  
 Cates, B. Brabson.—Sub-spinous luxation of the humerus, report of a case, 77.  
 Cement for ringing balsam mounts, 253.  
 Cephalohæmatoma, 234.  
 Cerebellar abscess, case, 489.  
 Cerebral and cerebellar hemorrhages, case, 450.  
 Cerebral grafting, 656.  
 Cerebro-spinal meningitis, prophylaxis in, 223.  
 Charcot, J. M.—Traumatic crossed spinal hemiparaplegia; poisoning with bisulphide of carbon, 351; abasia following poisoning with carbonic oxide, 531.  
 Children, over-pressure in, 409.  
 Chills, chronic, 586.  
 China, letter from, 711.  
 Chinese, color-sense and color-blindness among, 651.  
 Chloral hydrate, value of, 737.  
 Chlorate of potassium prescription, a dangerous, 559.  
 Chloroform administration, 433; as an internal remedy, 669.  
 Chlorosis and menstruation, relation, 549.  
 Cholera, treatment and prophylaxis of, 127.  
 Chorea, acute, with insanity, 139; in British Islands, 210; hereditary, 244; rare case, 395; major, with formation of fungi in pia mater, 410.  
 Chorion, hydatiform degeneration of, 201.  
 Chyluria, case of, 599.  
 Circumcision, ritual of, 528.  
 Civilizer, doctor as, 190.  
 Clairvoyant "physicians," 497.  
 Cleft-palate, treatment of, 78.  
 Clergyman's charges against physicians, 29.  
 Club-foot, treatment of, 274.  
 Cocaine in cancer of breast, 250; toxic effect of, 254; in angina pectoris, 379; poisoning, fatal case, 409; in teeth-extraction, 411; chronic poisoning, 496; in variola, 526; new, by synthesis, 690.  
 Cohen, S. S.—Case of chyluria, 599; an imaginary tenia, 759.  
 Colocynthis poisoning, case, 498.  
 Color-sense and color-blindness among the Chinese, 651.  
 Conception, prevention of, 606.  
 Conjugal question, 10.  
 Conjugal state, the, 230.  
 Conjunctival sac, bacteriology and antiseptics of, 277.  
 Constipation, in children, 393; chronic, 457.  
 Consumption, pulmonary, climatic treatment, 227.  
 Contagious diseases, hospitals for in Tennessee, 191.  
 Contortionist, anatomy of, 440.  
 Cook County Asylum, 769.  
 Cornea, mercury-lanolin in certain affections of the, 670; grafting of a rabbit's on a human eye, 684.  
 Corrosive sublimate, poisoning after a surgical operation, 286; poisoning, how to avoid, 433; use of in laparotomies, 629.  
 Coryza, treatment of acute, 94.  
 Cough, reflex or so-called useless, 323.  
 Creasote in phthisis, 31; with cod-liver oil and saccharin, 379; in lung affections of children, 585; in pills, 752.  
 Crematory, the Hughes, 575.  
 Creolin, in eye diseases, 61; case of probable poisoning with, 93; experiments with, 517.  
 Crime, physiology and pathogenesis, 602.  
 Crothers, T. D.—Headache in inebriety, 357.  
 Croup, formula for, 174.  
 Cry, intra-uterine, after expulsion of waters, 110.

- Curwen, John.—Crowded hospitals for the insane, 386.
- Cyst, recurrent intraligamentary, 12; ovarian, 13; sebaceous of groin, 243; dentigerous, of antrum of Highmore; operation, 741.
- Cystitis, formula for chronic, 50; chronic, 336; in women, 526; in women, treatment of chronic, 550.
- Cysts, of nose, dermoid, 81; gas- of vagina, 276.
- Da Costa, J. M. — Cerebral syphilis; asthma caused by a foreign body, 161.
- Damien, Father, 217; death of, 643.
- Dartmouth, hospital for, 726.
- Davis, E. P.—Erysipelas of pharynx and face, 172.

 Jaundice, in the new-born, 235; pilocarpine in itching of, 586; and ophthalmia neonatorum, 658.  
 Jefferson Medical College, commencement, 469.  
 Johnson, J. B.—Formula for croup, 174; the conjugal state, 230; sedative and laxative mixture, 512.  
 Johnstown, disaster at, 696; news and notes from, 723-725; sanitary condition, 770.  
 Keen, Dr. W. W., and the Woman's Medical College, 643.  
 Kemper, G. W. H.—Antiseptics in normal labor, 734.  
 Knee-joint, exsection, 688.  
 Knock-knee, 547.

- Labor**, induction of premature in contraction of the pelvic inlet, 431; in occipito-posterior positions, 669; normal, antiseptics in, 734.
- Lactic acid** in chronic suppurative otitis media, 207.
- Lanolin**, in suppositories, 251; and mercury in affections of the cornea, 670.
- Laparotomy**, for injury by circular saw, 20; for probable tumor of uterus, 22; for tubercular peritonitis, 447; for intrapelvic injury, 479; use of corrosive sublimate in, 629.
- Larynx**, foreign body in the, 83; frequency of cancer of, 116; thyrotomy for malignant disease of, 180; extirpation for cancer, 687.
- Laxative suppository**, the ideal, 203.
- Lead palsy**, 202.
- Lead poisoning**, influence on pregnant women, 527.
- "Lemonade iron,"** formula for, 698.
- Leprosy**, inoculation with, 84; inoculability of, 127; transmission of, 219; 309; Dr. Morrow's observations on, in Mexico and the Sandwich Islands, 762; danger of spread of, in the United States, 763.
- Leuf, A. H. P.**—Some obstetric cases, 5.
- Levia, Dr.**, proposed tribute to, 699.
- Leyden, Prof.**, 659.
- Lipomata**, case of general, 238.
- Liver**, cirrhosis of, in cats, 223; cirrhosis, 252; resection of, 656; elastic suture of, 658.
- Locomotor ataxia**, and general paralysis, 469; treated by extension, 684; danger of the suspension treatment, 726.
- Long, J. A.**—Typhoid fever, 40.
- Long, J. W.**—Practical Aseptic Surgery, 261, 299.
- Lung affections** in children, creasote in, 585.
- Lupus erythematosus**, treatment of, 201.
- Luxation of humerus**, sub-spinous, 77, 266.
- Lycopodium dressing** for ulcers and wounds, 424.
- Lyman, H. M.**—Syphilis complicated with epileptiform convulsions, keratitis, etc., 129.
- Malarial fever**, hemorrhagic, 668.
- Malignant disease**, relation of purpura to, 368.
- Mania**, acute, and melancholia, or hypochondriasis, as sequels to gynecological operations, 482.
- Manikin**, obstetrical, 108.
- Massage** in pelvic inflammation, 409; electric, 662.
- Mastitis** after death of the infant, 494.
- Maxwell, G. T.**—Ablation of tonsils when smaller than natural, 196.
- McCoy and Wildman**, case of Drs., 121.
- McGuire, C. F.**—Physical education, 705.
- Measles and diphtheria**, mode of transmission, 517.
- Medical candidates** in Germany, 205.
- Medical Examiner's Bill**, 441.
- Medical Examiners' Bill** and the Medico-Chirurgical College, 349.
- Medical Examining Board**, 249, 496.
- Medical Missions** in the East, 157.
- Medical practice act**, Governor of Illinois on, 441.
- Medical practice** in Michigan, 411.
- Medical profession**, important notice to, 751.
- Medical students**, American, in Vienna, 125.
- Medical students**, threatened revolt of, 94.
- Medical witnesses**, are they to be subjected to new tests? 283; treatment of, 439.
- Medicine**, methods of instruction, 524; license to practise, 603; method of giving it to children, 614.
- Meningitis**, tubercular, 71.
- Meningocele**; ligation of and removal of sac, 85; a case of, 265, 346.
- Menstruation** and chlorosis, relation, 549.
- Mercury** (*see also* "corrosive sublimate"), poisoning with cyanide of, 82; biniodide of, its antiseptic use, 267; poisoning with sulphocyanide, 400; oxy-chloride, an antiseptic, 526; -lanolin in affections of cornea, 670; biniodide of, cotton impregnated with, 727; bichloride of, in anæmia, 754.
- Michigan State Medical Society**, 529.
- Microorganisms**, voluntary coöperation of, 669.
- Midwives** in West Virginia, 723.
- Middleton Goldsmith lecture**, 184.
- Milk**, regulation of sale of in Philadelphia, 188; skimmed, plea for, 250; nature of, 255; secretion, following ovariectomy, 326; new and simple method of estimating per cent. of fat in, 408; bacteria in, 408; adulterated, 527.
- Milner, J. C.**—Strange effect of nervous shock, 231.
- Minich, J. A.**—Removal of two-thirds of a rib, 229.
- Minnesota Medical act**, 287.
- Missile**, odd course of a, 44.
- Missions, Medical**, in the East, 157.
- Monkeys and parasites**, 378.
- Monoplegia**, hysterical in a man, 636.
- Mouth**, absorption of tissues of the, from pressure, 278.
- Mucilaginous ointment**, formula for, 770.
- Mumps** in an aged person, 600; and double orchitis, 712.
- Muscular atrophy**, progressive, 366.
- Musgrove, Charles W.**—Mumps in an aged person, 600.
- Mushrooms**, toxic action of edible, 460.
- Musser, J. H.**—Tuberculosis, 97.
- Myrthol**, disinfection of air-passages with, 63.
- Myxœdema**, an affection allied to, 392; case, 688.
- Nails**, eczema of, 690.
- Naphthalin** in typhoid fever, 219; rash from, 242.
- Naphthol**, beta, in typhoid fever, 138; as a local antiseptic, formulae for, 670.
- Nasal bougies**, 146 (*for correction see p. 187*).
- Nasal obstruction**, removal of, results in 112 cases, 79.
- Nasal passages**, obstruction of; its effects and treatment, 589.
- Nasal polypi**, removal during hypnotism, 126.
- National Association of Railway Surgeons**, 411.
- Naval Board of Medical Examiners**, 191.
- Necrosis**, of great toe and its metatarsal bone, removal, 575; of tibia, 635; of lower jaw, 683.
- Nephrectomy** for floating kidney, 397.
- Nephritis**, treatment of acute and subacute, 361; subacute diffuse, 458.
- Nervous anæmic women**, formula for use in, 699.
- Nervous disorders**, functional, sedative and laxative mixture for, 512.
- Nervous shock**, strange effect of, 231.
- Nervous system**, central, surgery of, 603.
- Neuralgia**, facial, hypodermic injections of ergot in, 285; treatment by extraction of nerves, 687.
- Neurosis traumatic**, 687.
- New Jersey State Medical Society**, 769.
- New York Academy of Medicine**, 63.
- New York Maternity Hospital**, fight at, 440.
- Neuritis**, peripheral, 62.
- Neuroses**, cases of reflex, due to eye-strain, 164.
- Nipple and its areola** in pregnant women, 235; operation for depressed, 715.
- Nitroglycerine**, suggestion of a new use for, 138.

Noble, Charles P.—Senn's hydrogen gas test for diagnosis in cases of entero-vesical fistula, 77; technique of abdominal palpation, 168; remarks on the use of the obstetric forceps, 535.  
 North Carolina, western, as a health resort, 648.  
 Nose, treatment of diseases of, by the general practitioner, 45; frequency of diseases of, 190; catarrhal diseases, treatment, 321; obstruction of, recent advances in treatment, 718; large gumma in, 766.
